Muaythai World Community

Dear Colleagues:

On behalf of the World Muaythai Council and the International Federation of Muaythai Amateur, we wish to express sincere condolences for the tragic death of Roberto Valdez. His death is no doubt a shock to the muaythai community.

We wish to extend our heartfelt sympathy to his family, friends, and colleagues who are affected so greatly by this loss.

He made many contributions to the world of muaythai and his efforts will be greatly missed. Roberto served as President of the Philippines Muaythai Association and is credited with the promotion of muaythai throughout the Philippines. We are deeply saddened over his tragic and untimely death. He was an important figure and member of the close-knit muaythai community. All differences aside, Roberto has been a part of our organisation since 1998. He was a friend, colleague, a leader and a coach to many. We honor him and those whose lives he touched are in our thoughts and prayers.

There are no words that seem proper at a time of tragedy, only sincere wishes for the well-being of those who suffer the loss. We hope that justice is served and that Roberto is resting peacefully. The global muaythai community sends its support and sympathy as we all mourn the loss of Roberto Valdez.

Sincerely,

General Chetta Thanajaro
President, World Muaythai Council

Dr. Sakchye Tapsuwan
General Secretary, World Muaythai Council

Mr. Stephan Fox
Vice President, World Muaythai Council
